The most important feature is the logo.

Of the many features the Samsung CLX-6240FX offers your business, the most useful feature of all is the fact that when you really need it, the CLX-6240FX will be there for you. Samsung leads the industry in reliability and dependability. Year after year, Samsung wins reliability and design awards from the most knowledgeable and trusted organizations in the industry, including PC World and BLI (Buyers Laboratory, Inc.).

Samsung invests billions (more than $6 billion last year) into R&D every year, creating innovative, reliable and beautifully designed machines your business can count on. And every year, we offer you the very latest technical advances, all to make it easier for you to do your job. Today, and tomorrow as well.

19. Black Only
20. Stop/Clear
21. Color

Specifications

	CLX-6240FX
Overview	
Function	Colour Print, Colour Scan, Fax, Colour Copy, Network, Duplex
Print	
Speed	Up to 25 ppm in Letter, Duplex Printing Speed Up to 10 ipm letter
First Print Out Time	Less than 19 seconds (from Standby mode)
Resolution	Up to 2400 x 600 dpi (Effective)
Emulation	PCL5c, PCL6, PostScript 3
Duplex	Standard
Copy	
Speed	Up to 25 cpm in Letter
Resolution (Optical/Enhanced)	Up to 600 x 600 dpi/Up to 1200 x 1200 dpi
Zoom Rate	25~400% (platen), 25~100% (ADF)
Multi Copy	1~99
Duplex Copy	Standard (1:2, 2:2, 2:1)
Special Features	ID Card Copy, Auto Fit, Margin Shift, Book Copy, Auto Suppression, 2-up, 4-up, Clone, Poster
Scan	
Compatibility	TWAIN standard, WIA standard
Method	Color CCD
Resolution (Optical)	Up to 600 x 1200 dpi
Resolution (Enhanced)	Max. 4800 x 4800 dpi
Scan To	USB, Email, FTP, SMB, Network
Fax	
Compatibility/Modem Speed	ITU-T G3/33.6 Kbps
Resolution	B&W: Standard: 203 x 98 dpi, Fine: 203 x 196 dpi, Super Fine: 300 x 300 dpi Color: Standard: 200 x 200 dpi, Fine: 200 x 200 dpi, Super Fine: 200 x 200 dpi
Memory	4 MB with HDD Backup
Auto Dial	Speed dial: 240 Locations
Fax Features	Junk Fax barrier, Fax Forward to fax, Fax Forward to e-mail , Broadcasting up to 249 locations, Security Receive, Battery Backup
Paper Handling	
Input Capacity and Types	Main Tray: Up to 250 sheets; MP Tray: 100 sheets
Max Paper capacity	850 sheets
Output Capacity and Types	170 sheets Face Down
Media Size	For Print: Letter, Legal, Oficio, Folio, A4, JIS B5, ISO B5, Executive, A5, Statement, A6, PostCard 4 x 6, Envelope B5, Envelope Monarch, Envelope COM-10, Envelope DL, Envelope C5, Envelope C6, Custom; For Fax: Letter, A4, Legal
Media Type	Plain Paper, Thin, Thick, Bond, Pre-Printed, Recycled, Envelope, Transparency, Label, Card Stock, Letterhead, Cotton, Color, Archive

imagine a workgroup laser MFP that works as hard as you do.

CLX-6240FX Colour Laser Multifunction Printer

SAMSUNG

Samsung CLX-6240FX

Colour Laser Multifunction Printer

imagine a colour laser MFP that adapts itself to your business. Adding colour improves the effectiveness of your printed documents. And the Samsung CLX-6240FX colour laser MFP is customizable to your unique workflow requirements. The CLX-6240FX also gives you stacks of high-quality colour documents while saving you stacks of money, and features a low cost per page and low inital cost. Add Samsung's award-winning reliability, and you have the MFP that's picture-perfect for your business. With the Samsung CLX-6240FX, it's not hard to imagine.

A flexible printer.

Feature Rich Imagine expanded productivity in full colour. With the CLX-6240FX multifunction printer, your business will achieve efficiency and performance. The MFP is an intergral tool in your business and the CLX-6240FX can deliver the high performance features and solutions you require everyday. With the high speed printing capabilities, quality colour output, and convenient duplex and network security features the CLX-6240FX is an excellent choice to take your business to the next level.

Who We Built the CLX-6240FX for:

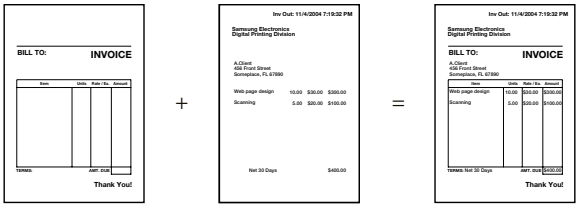
The CLX-6240FX is for businesses who want a full-featured colour laser MFP that can be customized to their specific business needs, and who want to manage costs at the same time.

Fast Printing At 25 pages per minute and up to 12 images per minute in Duplex mode, you can work quickly and efficiently. And with many standard printing functions built in, you can do more than you thought you could with your printer.

Auto Duplex Savings Save money by printing on both sides of the paper. Save time by using the auto document feeder. Load and print 50 sheets at a time. Even incoming faxes can be printed duplex.

Toner and Energy Savings Cut toner usage by up to 40% with TonerSave mode. It's ideal for printing draft documents and reports, without reducing print quality. It's easy to manage your printing costs from the control panel with our one-touch Black Only feature.

Overlay Printing No need to worry about keeping a file drawer full of blank forms and letterhead. No need to hassle with loading it in the printer, then running back to your computer to print on it before someone else does. Just store your forms and letterhead files on the CLX-6240FX hard drive, then print the overlay onto your document whenever your need it.



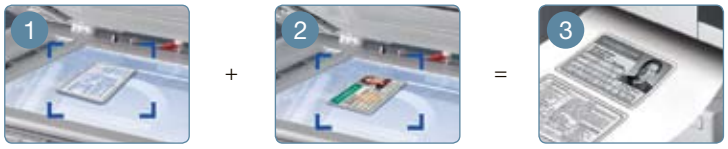
Form Stored on Printer | Data from PC | Printed Output

Expanded Printing Capabilities The Samsung CLX-6240FX can do more with the standard 80 GB hard drive. You can add functions that make your job easier, including collate printing, proof printing, delayed printing, confidential printing and job storage (password protected secure printing).

Collate Printing | Proof Printing | Delayed Printing | Confidential Printing | Store Job

A versatile copier.

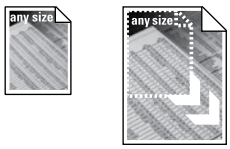
ID Copy Copy both sides of an ID, driver's license or passport onto one side of the page. It saves paper. It saves time.



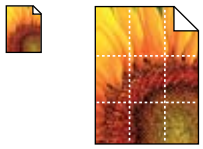
Copy Front | Copy Back | Print 2-sides-on-1

Legal Size Platen Just lay your legal size original on the legal size glass, and make true 1-to-1 copies, without having to feed your legal size originals through the document feeder. You aren't limited to 8-1/2" x 11" size documents.

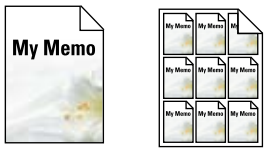
Auto-Fit Copy Copy any size original, then print it full size on a sheet of letter, legal or any other size paper in the paper tray.



Poster Copy You don't need a giant printer to make a giant poster. The CLX-6240FX prints your image on several sheets that form one big poster.



Clone Copy Quickly copy one image and print it multiple times on the same sheet of paper. No additional software required.

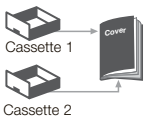


8.5" x 11" | 8.5" x 11"

Margin Shift Want to copy documents or images and put them into a binder? The CLX-6240FX can add a margin, so you don't have to punch holes in your words or pictures.

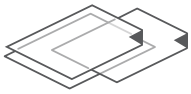
Auto Suppress Copy an article from a newspaper or magazine and remove its background. You get a clean copy, suitable for inclusion in presentations.

Cover Copy Print the text of a large document or booklet from one tray, and the cover on a different size and weight paper from the other tray.

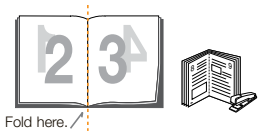


Book Copy No need to reposition the book for each page. You can copy left pages only, right pages only, or both at once.

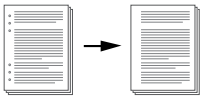
Transparent Film Copy Need to make a copy of a transparency? It's simple with the CLX-6240FX.



Booklet Copy Turn any document into a booklet. The CLX-6240FX can reduce each page by 50%, then print them side-by-side with the proper spacing and in the correct order, so you can fold, staple and distribute booklets efficiently.



Outline Erase Copy Makes clean copies, without lines or shadows from binder holes and staples.



A powerful fax.

Fax Options Do it all with the CLX-6240FX. Speed dial up to 200 numbers, group dial up to 100 groups, duplex send and receive, fax-to-email, secure fax and color fax. And the Duplex function lets you print received faxes double-sided, to reduce your operating costs.

Secure Fax With the Secure Fax feature, all incoming faxes are held in memory until you access them with your password.

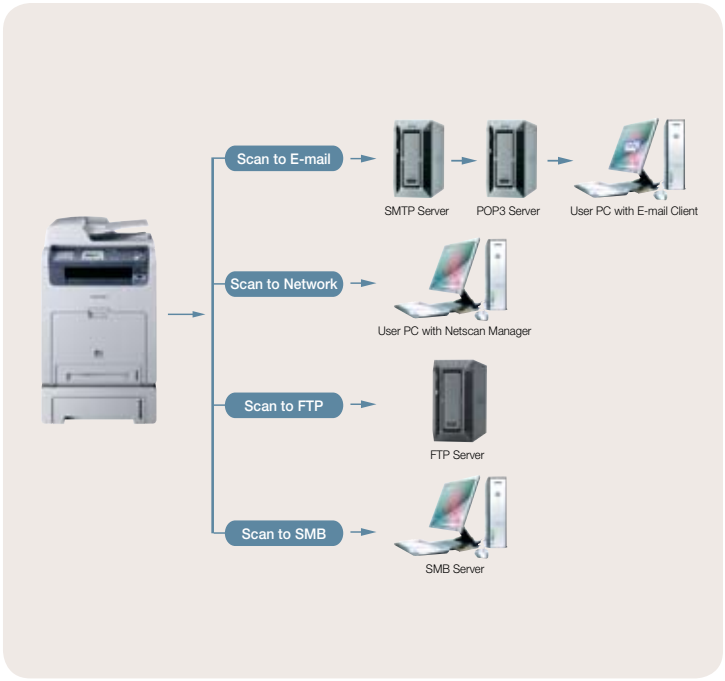
An efficient scanner.

Colour Scanner Enhanced scanning resolution (up to 4800 x 4800 dpi) and color CCD give you the finest quality images for your documents. Scanning is also an easy way to capture and store information from hard copy documents.

Scan to Network Store and share documents easily by converting them to PDF, TIFF or JPEG files. Then send the files directly to any server or PC, or anywhere else on your network.

Network Scan Management with LDAP Scan-to-email provides address book function using an LDAP server. The LDAP (Lightweight Directory Access Protocol) is a networking protocol for querying and modifying directory services running over TCP/IP. With this feature, the most up-to-date email address book will always be available. PDF, JPEG and TIFF file formats are supported for digital scanning, and settings for SMB (Server Message Block), FTP and LDAP servers should be executed through SyncThru™ Web Service.

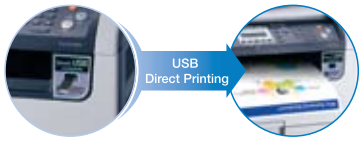
Scan to Anywhere The CLX-6240FX supports efficient distribution of scanned documents by allowing you to send them through email, FTP, SMB and Client.



So many features. And so easy to use.

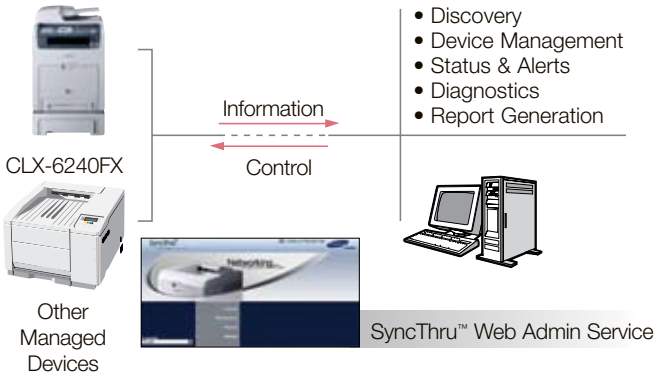
Secure Hard Drive Features The standard 80 GB hard drive increases your ability to manage and monitor network print jobs. Using the simple interface, print jobs can be monitored and controlled from anywhere on the network. Increase security and confidentiality for print jobs when they're stored on the MFP's hard drive and delay job printing until you're available to retrieve them. You can also store forms directly on the hard drive for use with our Forms Overlay feature, so everyone on the network has instant access to the very latest forms.

Direct USB Interface The CLX-6240FX makes printing easy, in every way possible. With the USB port located on the front, simply plug in a USB drive and print the PDF, BMP, TIFF or JPEG files stored on it. Direct USB also allows you to scan documents on the CLX-6240FX and save them directly to the USB drive.



Wireless Network With optional wireless capability, you're no longer at the mercy of a wired network connection. You can connect anyone from anywhere, easily and wirelessly.

SyncThru™ Web Admin Service SyncThru™ Web Admin service allows IT managers to easily manage and monitor all printers/MFPs on the network. This powerful feature supports job accounting, usage metering, authentication, storage management, remote driver installation and modification settings. You can also easily change network and individual printer settings, upgrade firmware and view network printer status.



SmarThru Office

SmarThru™ Office Document Management Software
This powerful document management application for Office users creates, stores and edits scanned images, then delivers them to each application. It also makes it easy to take advantage of all the features of the CLX-6240FX MFP, even with complicated networks. SmarThru™ Office also provides network scan as a default, so you don't have to install additional applications. And SmarThru™ client lets users scan documents directly to their PC.
